Herb Wright memorable events 1961-2015

Photo: Brigitta Ammann
INQUA meeting in Poland 1961 - my first meeting with Herb during the excursion” Baltic Sea to Tatra Mts”

Together with Herb and students in Minnesota woodlands 1979 – lecturing, camping, cooking...
Excursion with the IGCP project 158 to the Jostedalen glacier in Norway 1986
Herb promoted to Dr h.c. at Lund University 1987, here together with colleagues from four European countries.
Colleagues and friends celebrated Herb on his 90 year birthday at Sils in Switzerland with a honorary seminar and mountain excursions, Sept 2007
With deep respect for building a scientific bridge between our continents I express my sincere thanks to Herb for inspiration and friendship during more than a half century,

Björn E. Berglund
